THESE PRESENTATION MATERIALS (THE "**PRESENTATION MATERIALS**") ARE FOR INFORMATION PURPOSES ONLY AND DO NOT CONSTITUTE AN OFFER OR INVITATION TO SUBSCRIBE FOR OR PURCHASE ANY SECURITIES, AND NEITHER THE PRESENTATION MATERIALS NOR ANYTHING CONTAINED THEREIN NOR THE FACT OF THEIR DISTRIBUTION SHALL FORM THE BASIS OF OR BE RELIED ON IN CONNECTION WITH OR ACT AS ANY INDUCEMENT TO ENTER INTO ANY CONTRACT OR COMMITMENT WHATSOEVER.

The Presentation Materials are being provided for the sole purpose of providing preliminary background financial and other information to enable recipients to review the business activities of Coal of Africa Limited ("**the Company**"). The Presentation Materials is thus by its nature limited in scope and is not intended to provide all available information regarding the Company. The Presentation Materials are not intended as an offer, invitation, solicitation, or recommendation with respect to the purchase or sale of any securities. The Presentation Materials should not be relied upon as a representation of any matter that a potential investor should consider in evaluating the Company. Nothing in these Presentation Materials will form the basis of any contract or commitment whatsoever.

None of the Company, its affiliates, subsidiaries, directors, agents, officers, advisers or employees make any representation or warranty, express or implied, as to or endorsement of, the accuracy or completeness of any information, statements, representations or forecasts contained in the Presentation Materials, nor do they accept any liability or responsibility for any statement made in, or omitted from, the Presentation Materials. The Company accepts no obligation to correct or update anything in the Presentation Materials.

No responsibility or liability is accepted in relation to the Presentation Materials and any and all responsibility and liability is expressly disclaimed by the Company and its affiliates, subsidiaries, directors, agents, officers, advisers and employees for any errors, misstatements, misrepresentations in or omissions from the Presentation Materials.

Any statements, estimates, forecasts or projections with respect to the future performance of the Company and/or its subsidiaries contained in the Presentation Materials are based on subjective assumptions made by the Company's management and about circumstances and events that have not yet taken place. Such statements, estimates, forecasts and projections involve significant elements of subjective judgement and analysis which, whilst reasonably formulated, cannot be guaranteed to occur. Accordingly, no representations are made by the Company or its affiliates, subsidiaries, directors, officers, agents, advisers or employees as to the accuracy of such information; such statements, estimates, forecasts and projections should not be relied upon as indicative of future value or as a guarantee of value or future results; and there can be no assurance that the projected results will be achieved.

Unless specified otherwise, all expressions of opinion and belief contained within these Presentation Materials are opinions held by the management of the Company. Without prejudice to any of the foregoing, no representation or warranty is given by the Company or any other person as to the achievement or reasonableness of any projections, management estimates, prospects or returns or any of the underlying assumptions upon which they are based.

Prospective investors should make their own independent evaluation of an investment in the Company.

Nothing in the Presentation Materials should be construed as financial product advice, whether personal or general, for the purposes of section 766B of the *Corporations Act 2001* (Cth). The Presentation Materials consists purely of factual information and do not involve or imply a recommendation or a statement of opinion in respect of whether to buy, sell or hold a financial product. The Presentation Materials does not take into account the objectives, financial situation or needs of any person, and independent personal advice should be obtained.

The Presentation Materials do not contain or represent an offer of Shares or an invitation to apply for Shares in the Company. If the Company wishes to offer Shares or to invite an application for the Shares, it will do so by means of a personal offer to a person who falls within one of the exceptions set out in section 708(8) (a) or (b) and section 708(11) of the *Corporations Act 2001* (Cth) or an offer in a jurisdiction outside of Australia where permitted by law. By receiving the Presentation Materials the Recipient represents and warrants that the Recipient does not need to be given a disclosure document under Chapter 6D of the *Corporations Act 2001* (Cth) to lawfully receive the Presentation Materials or an offer to acquire Securities.

Neither the Presentation Material, nor any copy of them, may be taken or transmitted into the United States of America, Canada or Japan or into any jurisdiction where it would be unlawful to do so ("**Prohibited Territory**"). Any failure to comply with this restriction may constitute a violation of relevant local securities laws.

The Presentation Materials are being issued on a strictly private and confidential basis and solely to and directed at, in the case of recipients in the United Kingdom: (i) persons who have professional experience in matters relating to investments falling within article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "**Order**"); and (ii) high net worth entities falling within article 49(2)(a) to (d) of the Order. The contents of these Presentation Materials have not been approved by a person authorised under the Financial Services and Markets Act 2000 ("**FSMA**"). Any investment to which this document relates is available to (and any investment activity to which it relates will be engaged with) only those categories of persons described above. It is a condition of your receiving this document or attending this presentation that you represent, and you warrant and undertake to the Company that:

- (i) you fall within one of the categories of persons described above;
- (ii) you have read, agree to and will comply with the terms of this disclaimer;
- (iii) you will conduct your own analyses or other verification of the data set out in the Presentation Materials and will bear the responsibility for all or any costs incurred in doing so;
- (iv) you are not resident in, or a citizen of, a Prohibited Territory; and
- (v) you will not forward, reproduce or otherwise disclose the contents of this document to any person in contravention of FSMA or any other applicable law or regulation or to any person in a Prohibited Territory.

Disclaimer (cont'd)

The Presentation Materials are being issued on a strictly private and confidential basis and solely to and directed at, in the case of recipients in South Africa, persons who are sophisticated investors who fall within the ambit of section 96(1)(a) of the South African Companies Act, No. 71 of 2008 (the "South African Companies Act"), which prescribes that an offer is not an offer to the public if the offer is made only to:

- i. persons whose ordinary business, or part of whose ordinary business, is to deal in securities, whether as principals or agents;
- ii. the Public Investment Corporation as defined in the Public Investment Corporation Act, 2004 (Act No. 23 of 2004);
- iii. a person or entity regulated by the Reserve Bank of South Africa;
- iv. an authorised financial services provider, as defined in the Financial Advisory and Intermediary Services Act, 2002 (Act No. 37 of 2002);
- v. a financial institution, as defined in the Financial Services Board Act, 1990 (Act No. 97 of 1990);
- vi. a wholly owned subsidiary of a person contemplated in sub-paragraph (iii), (iv) or (v), acting as agent in the capacity of an authorised portfolio manager for a pension fund registered in terms of the Pension Funds Act, 1956 (Act No. 24 of 1956) or as a manager for a collective investment scheme registered in terms of the Collective Investment Schemes Control Act, 2002 (Act No. 45 of 2002); or
- vii. any combination of persons contemplated in paragraphs (i) to (vi)

Should the offer fall within the ambit of section 96(1)(a) or 96(1)(b) of the South African Companies Act, the offer does not constitute an offer to the public. It is accordingly a condition of your receiving this document or attending this presentation that you represent, and warrant and undertake to the Company that:

- i. you fall within either section 96(1)(a) or 96(1)(b) of the South African Companies Act;
- ii. you have read, agreed to and will comply with the terms of this disclaimer; and
- iii. you will not forward, reproduce or otherwise disclose the contents of this document to any person in contravention of the provisions of the South African Companies Act or any other applicable law or regulation or to any persons in a Prohibited Territory.

By retaining the Presentation Materials, you (the Recipient) acknowledge and represent to the Company that you have read, understood and accept the terms of this Important Notice. If you do not accept these terms, you should immediately destroy or delete the Presentation Materials.

The Presentation Materials do not purport to contain all the information that a prospective investor may require in connection with any potential investment in the Company or its underlying business. Each Recipient must make its own independent assessment of the Company before acquiring any securities in the Company ("**Securities**"). You should not treat the contents of the Presentation Materials, or any information provided in connection with it, as financial advice, financial product advice or advice relating to legal, taxation or investment matters. Before acquiring any Securities, you should consult your own advisers and conduct your own investigation and analysis in relation to the Company.

The Presentation Materials are confidential and should not be copied, distributed or passed on, directly or indirectly, to any other class of persons. They and any further confidential information made available to you are being supplied to you solely for your information and may not be reproduced, forwarded to any other person or published, in whole or in part, for any other purpose. The Presentation Materials contain only a synopsis of more detailed information publicly available in relation to the matters described in this document and accordingly no reliance may be placed for any purpose whatsoever on the sufficiency or completeness of such information and to do so could potentially expose you to a significant risk of losing all of the property invested by you. The information contained in the Presentation Materials is for background purposes only and is subject to updating, completion, revision, amendment and verification, which may result in material changes. No reliance should be placed on the information and no representation or warranty (express or implied) is made by the Company, any of its directors or employees or any other person, and, save in respect to fraud, no liability whatsoever is accepted by any such person, in relation thereto. J.P. Morgan Securities Ltd., which conducts its UK investment banking activities as J.P. Morgan Cazenova ("**JPMC**"), which is authorised and regulated in the United Kingdom by the Financial Services Authority, is acting for the Company and no-one else in connection with the contents of this document and will not be responsible to anyone other than the Company for providing the protections afforded to the clients of JPMC or for affording advice in relation to the contents of this document or any matters referred to herein. Nothing in this paragraph shall serve to exclude or limit any responsibilities which JPMC may have under FSMA or the regulatory regime established thereunder. JPMC is not making any representation or warranty, express or implied, as to the contents of this document.

Important Notice

Recipients of this presentation should refer to the Independent Technical Statement for Coal of Africa as at 18 September 2011, prepared by Venmyn Rand (Pty) Ltd, which is available on CoAL's website (www.coalofafrica.com), for full details of the coal resource and reserve estimates referred to in this presentation and the basis on which those estimates have been prepared.

Competent persons' statement

The information in these Presentation Materials that relates to mineral resources or ore reserves has been compiled by Ms C Telfer (B.Sc. Hons. (Geol.), (DMS) Dip Bus Man Pr. Sci. Nat., FGSSA, MAusIMM, M.Inst.D) and Mr G Njowa (M.Sc. (Min. Eng), MRM, B.Sc.Hons. (Min. Eng), Grad CIS, MSAIMM, Pr Eng, MIAS), of Venmyn Rand (Pty) Ltd, who both have relevant and appropriate experience and independence to appraise the coal assets. Both Ms C Telfer and Mr G Njowa are considered "Competent Persons", and each have more than five years relevant experience in the assessment and evaluation of the types of coal exploration and mining properties presented in this announcement. Both Ms C Telfer and Mr G Njowa consent to the inclusion of the resource information in these Presentation Materials in the form and context in which it appears.

Executive overview

Emerging developer and producer

- Emerging developer and producer of export quality thermal coal and coking coal
- Two operating thermal collieries (Mooiplaats, Woestalleen)
- Two coking coal development projects (Vele – early operations; Makhado – advanced feasibility study)
- Coking coal exploration projects (Chapudi, Chapudi West, Generaal, Jutland, Makhado Extension, Mt Stuart, Voorburg, Wildebeeshoek)

Primary focus: development of coking coal asset portfolio

- Significant pipeline of coking coal projects to transform CoAL into a world class coking coal company
- Vele mine: all regulatory approvals received in 2011; commenced operations in January 2012
- Makhado Project: bankable feasibility study nearing completion; application for mining right at an advanced stage
- Chapudi Project: completion of acquisition from Rio Tinto by April 2012; substantial drilling data
- Voorburg/Jutland Project: large scale development potential; less sensitive environmental issues
- Mt Stuart: further extension options to Makhado development

Access to bulk infrastructure

- Strategically positioned assets with good access to rail corridors and port capacity
- Effectively services both domestic and international markets
- Provides much-needed resource for growth
- Regional and national economic benefits

Responsible development

- Committed to the responsible development and management of collieries and projects
- Supports and complies with environmental, social and all other legislation
- Engages regularly and transparently with all stakeholders
- Creates employment opportunities, and supports skills development and training programmes

CoAL overview

Sustainable development

Approach to sustainability

- Create long-term value for the broadest group of stakeholders
- Focus on the sustainability of the business as a whole and emphasis on environmental, social and governance issues
- Aim to prevent or minimise adverse impact on surrounding the environment and communities
- Prevent injury to employees and contractors through a zero harm policy
- Promote good relationships with stakeholders and demonstrate active stewardship of land and biodiversity

Adding economic value

- Stakeholders stand to benefit in the short, medium and long-term
- CoAL adding much-needed resource for economic growth in one of South Africa's poorest provinces
- Direct and indirect job creation
- Infrastructure development

Corporate social responsibility

- CSR plans will focus on the mine community where labour is drawn
- Emphasis on the provision of infrastructure and the eradication of poverty through social and physical contributions
- Job creation in three key areas: agricultural, tourism and conservation, water resource development
- King Toni Thovele Mphephu bursary fund in place to address critical skills shortage

Environment

- Vele and Makhado situated in remote parts of the Limpopo province, near the environmentally significant Mapungubwe World heritage site
- State of the art environmental management programmes to ensure the impacts of mining are mitigated
- CoAL complies with all environmental legislation
- Amended mine plan to include an underground component to help minimise the visible surface impact at Vele
- Vele was granted an Integrated Water Use Licence (IWUL) in May 2011 by the Department of Water Affairs (DWA)
- Detailed water-balance compiled by specialists to address water demand for processing, portable use on site, irrigation of rehabilitated areas, dust suppression and livestock/game

Commitment to safety

- CoAL is committed to maintaining a safety, health and environmental management structure in compliance with legislated requirements and in accordance with accepted industry practice
- CoAL strives to:
 - Prevent injury to employees and contractors through a zero harm policy
 - Prevent or minimise any adverse impact arising from its activities

CoAL overview

Projects and operations

- Assets in three major phases (exploration, development, mining)
- Primary focus: development of coking coal asset portfolio
- Upside potential based on project pipeline
- Substantial growth through the acquisition of the Chapudi and related properties²

¹ Refer to slide 14 with map indicating properties being acquired through the Rio Tinto/Chapudi acquisition

² Subject to completion of the Chapudi acquisition

³ Upon completion of construction and the commissioning of the Vele mine by circa Q1 2012, the mine will be in commercial production and form part of the mining portfolio

⁴ Includes the Zonnebloem (Vuna) Colliery, the remaining open cast pit in operation

FY2011 highlights

Consolidated thermal coal production

- Mooiplaats FY2011 12 months production (FY2010:12 months)
- Woestalleen FY2011 12 months production (FY2010: 6 months)
- ROM tonnes 75% increase to 4.4Mt (FY2010: 2.5Mt)
- Washed tonnes 5.0Mt including 0.5Mt purchased coal (FY2010: 2.3Mt incl 0.3Mt purchased coal)
- Overall yield 66.4% up 10% (FY2010: 56.4%)
- Saleable tonnes 154% rise in saleable tonnes to 3.3Mt (FY2010: 1.3Mt)
- Sales tonnes 3.3Mt sold - 2.9Mt export; 0.4Mt Eskom (FY2010 1.3Mt – 1.1Mt export; 0.2Mt Eskom)

Proposed Chapudi acquisition

Consolidation of coking coal assets

- Acquisition of the Chapudi coal project and several other coal exploration properties from Rio Tinto and Kwezi Mining
- Current estimated 1,040Mt JORC resource¹
 - both thermal and coking coal development projects
 - significant exploration potential
- Expected to cement CoAL as the largest holder of prospecting rights in the highly prospective Soutpansberg Basin
- US\$75m total consideration
 - US\$2m cash deposit (paid Nov 2010)
 - US\$43m upfront cash consideration payable on regulatory approval (by April 2012)
 - US\$30m deferred cash consideration payable on the earliest of:
 - (i) The granting of a NOMR for any property
 - (ii) 24 months from fulfillment of all condition precedents for the sale

Vele and the Mapungubwe National Park

- Vele's proximity to the Mapungubwe Cultural Landscape World Heritage Site has been a point of concern for interested and affected parties in the Limpopo province
- CoAL actively pursues collaboration with stakeholders in implementing the EMP, and the responsible development and operation of the mine so as to preserve and protect this cultural heritage site
- This collaboration resulted in the signing of a Memorandum of Agreement and Memorandum of Understanding

Memorandum of Agreement (MOA)

- MOA signed on 1 September 2011 between CoAL, Department of environmental affairs and SANParks which seeks to:
 - ensure the conservation and integrity of the site
 - maintain and strengthen co-operation between the three parties
 - Environmental Management Committee incorporating all stakeholders

Memorandum of Understanding (MOU)

- MOU signed on 24 November 2011 between CoAL and the Save Mapungubwe Coalition
- Commitment to work together and strengthen the cooperation in the interest of sustainable development, and the preservation and protection of the Mapungubwe cultural landscape.

Logistic review

Main export coal corridors – South Africa

Source: Transnet presentation - McCLOSKEY conference India: 8 October 2009: Fuzile Magwa, Regional Operating Executive

Rail – Thermal assets

Siding

- Have an arrangement to utilise nearby Umlabu siding in the interim with a private siding at the colliery currently under investigation
- Connection routes to Maputo and Richards Bay
- RBCT compliant siding at Woestalleen with a design capacity of more than 4Mt tonnes per annum

Rail

- Rail agreements allow transport through Maputo corridors with a current capacity of 2.5mtpa
- Richards Bay Dry Bulk flows via empty wagons returning from ArcelorMittal's Vanderbijl Park steel works
- The Maputo Terminal (Matola) and Richard's Bay Coal Terminal (RBCT) utilise the ring-fenced wagon fleets that are allocated to these corridors

Rail – Coking assets

Siding

- Makhado :
 - Nearby siding under detailed design
- Vele:
 - Long-term rail link from Vele to Musina (nearest mainline)
 - Technical feasibility study completed for Mactransco siding as an interim loading facility.
 - Trucking contracts in negotiation to enable movement from mine to siding

Rail

- Rail agreements allow transport through Maputo corridors with a current capacity of 2.5Mtpa
 - Negotiating long-term outcome with Transnet Freight Rail
- Private sector participation options for purchase of rolling stock under discussion with Transnet

Matola port, Maputo

Port

- Allocation of 1Mtpa secured August 2008 through the Matola dry bulk terminal in Maputo with option to extend for 5+5+5 year agreement
- Secured right to any increased capacity in consideration for providing funding
- Terminal capacity recently expanded from 2Mtpa to 6Mtpa
 - CoAL co-funded expansion with Grindrod
 - CoAL's allocation now 3Mtpa
- Long-term expansion to up to 20Mtpa
 - CoAL has secured an option over 100% of the additional capacity

Matola dry bulk terminal

Rolling stock – Maputo corridor

Details of rolling stock	Description
Current	▪ Fleet size of 750 CFR and 80 CCL wagons ▪ Ability to transport 3.6Mtpa
Additional	▪ CCL wagons from the Transnet coal line to be redeployed to the Maputo corridor ▪ Ability to transport a further 2Mtpa
Potential efficiency improvements	▪ Increase train length to 60 wagons ▪ Reduce cycle time of train sets from 5 days to 2.5 days
Future	▪ Transnet Private Sector Participation Framework ▪ Option for sourcing of rolling stock to meet further planned port capacity of 10Mtpa under discussion with Transnet

Key deliverables

Track record of delivery

* Financial year-end is June 30

Near-term operational priorities and targets

	Target (CY)	Event
Vele	Q1 2012	- Commence commissioning and initial production - Target coking coal production: 2.7Mtpa run of mine and 1.0Mtpa saleable
Makhado	- Q1 2012 - Q2 2012 - H1 2012	- Complete Definitive Feasibility Study - Finalise negotiation on ArcelorMittal South Africa off-take agreement - Obtain various regulatory approvals and trigger exercise period for Exxaro's 30% buy-in option
Chapudi	- By April 2012¹ - During 2012/13	- Finalise remaining conditions (including regulatory approval) and complete Chapudi Acquisition from Rio Tinto - Carry out exploration and technical studies, update Resource & Reserves estimate and prepare a new order mining right application
Thermal coal assets	Ongoing	- Continue to optimise production targeting 5.0Mtpa run of mine production in FY2012 - Consider alternative options to extend life of mine at Woestalleen - Assess potential to increase capacity utilisation at Mooiplaats
Logistics	- Ongoing - Ongoing - TBD	- Increase rail capacity in line with evolution of production/export profile - Discussion with Transnet Freight Rail ("TFR") on expansion of Maputo rail corridor - Phase 4 expansion at Matola Port – option to take up to 100% of any potential additional 10–20Mtpa expansion
Corporate	- Q4 2011 - Q2 2012	"Go live" date on new Microsoft Dynamics AX ERP system - Complete delisting from ASX and migrate primary listing to the LSE

¹ 30 April 2012: Date for fulfilment of the conditions precedent according to the Sale and Purchase Agreement with the vendors

Recent developments

Vele: significant progress

- Feb 2010: New Order Mining Right granted
- April 2011: Integrated Water Use Licence (“IWUL”) granted and administrative fine paid to facilitate rectification and granting of environmental authorisations
- July 2011: Environmental Authorisation granted (Compliance Notice lifted)
- July/August 2011: Appeal lodged against granting of IWUL and the IWUL is suspended
- August 2011: Limited activities commenced and petition submitted to the Minister for the lifting of the suspension of the IWUL
- September 2011: Landmark memorandum of agreement signed between the Department of Environmental Affairs (“DEA”), SANParks and CoAL relating to responsible development and co-operation in relation to Vele and Mapungubwe Heritage Site
- October 2011: Lifting of suspension of the IWUL on 18 October 2011; full operations commenced

Makhado: positive developments

- Definitive Feasibility Study at an advanced stage
- Detailed independent testing and reporting of bulk sampling in process
- Off-take discussions with ArcelorMittal in progress (product testing finalised, Letter of Intent executed)

Mooiplaats: improved yield and production

- Transition from contract mining to an owner-managed operation
- Fifth underground section commissioned

Corporate: clear focus on deliverables

- Experienced management team and new board members appointed
- Updated Mineral Expert’s Report and Registration Document filed October 2011
- Conversion of reporting currency to US Dollar (US\$) for FY2011 accounts
- Successfully completed US\$106m capital raising and US\$40 million senior unsecured 364 day facility with JP Morgan Chase in November 2011

Summary – Investment highlights

1	Multiple large scale coking coal projects and significant resource base (>1bn tonnes MTIS on current asset portfolio ¹)
2	Strategy to create scale via consolidation of coking coal assets
3	Well-defined path for long-term growth in coking coal to enhance the existing thermal coal assets portfolio
4	Assets strategically located with access to key potential domestic clients and main coal export corridors with current capacity of 3Mtpa (rail and port infrastructure)
5	Future expansion potential in port capacity by a further 10-20Mtpa to accommodate planned production growth
6	Compelling sector dynamics with attractive coking and thermal coal demand and supply fundamentals
7	Strong and experienced management team
8	Stable and concentrated shareholder register

MTIS: Mineable tonnes in situ

¹ Excluding Chapudi resource of 1,040 million tonnes based on estimate by Rio Tinto as per announcement by CoAL on 29 November 2010
